From: Supervisor Newsom
To: City Attorney
Requesting/Inquiring: To draft legislation to create a review and approval procedure for all sole source contracts with the City. This legislation should incorporate the recommendations made by the Office of the Controller, to include the following:
Legally define "sole source contract" in the Administrative Code.
Modify existing databases by establishing a new database to centralize and track information on sole source contracting and allow for reporting on these contracts.
Improve contract wording to be clear about the term of the contract so those contracts cannot be repeatedly renewed or reestablished without a new competitive process.
Enhance the Sunshine Ordinance to require reports from all departments annually on all existing, not just new, sole source contracts and direct the Clerk of the Board of Supervisors to report on departmental compliance with this requirement.

Discontinue directing funds toward specific City contracts or contractors through the addback process, including halting additional money to existing contracts and no longer earmarking funds for specific new contractors. The Board of Supervisors may appropriately allocate non-profit organizations by budgeting those funds to departments that will administer the funds through the proper competitive solicitation processes.

030689 **[Pass through to residential tenants 50% of water bill charges attributable to water rate increases resulting from issuance of PUC water system revenue bonds]**
Supervisors Daly, Maxwell, Dufty

Ordinance amending Administrative Code Chapter 37 (Residential Rent Stabilization and Arbitration Ordinance) by amending Sections 37.2, 37.3, and 37.8, to provide that landlords may pass through to residential tenants fifty percent (50%) of water bill charges attributable to water rate increases resulting from the issuance of any PUC water system revenue bonds authorized at the November 5, 2002 election, where a unit is in compliance with any applicable laws requiring water conservation devices; to provide that landlords give tenants notice of any such passthrough on a Rent Board form, and that a tenant is entitled to a copy of the water bill from the landlord upon request; to provide for a line item on each water bill showing the charge per unit of water that is attributable to water rate increases resulting from issuance of such bonds, multiplied by the total units of water used by that customer during the billing cycle; to provide that where one water bill covers multiple units, the permissible passthrough per unit is calculated by dividing 50% of that line item amount by the total number of units covered by the bill (including any commercial units); to provide that any such passthrough does not become part of a tenant's base rent; to provide that a tenant may file a hardship application with the Rent Board for relief from all or part of the cost passthrough, and that if a hardship application is granted the affected landlord may utilize any available Public Utilities Commission low-income rate discount program or similar program for water bill reduction based on the tenant's hardship status; to provide that a tenant may file a petition with the Rent Board within one year of the effective date of a passthrough for determination of whether that passthrough is in compliance with the Code, and that the landlord bears the burden of proving the accuracy of the passthrough calculations in such a hearing; clarification of other Rent Ordinance provisions, in order to distinguish general obligation bonds from water revenue bonds; and technical changes in order to conform to other recent Rent Ordinance amendments.

Requests Granted

From: Supervisor Peskin
To: City Attorney
Requesting/Inquiring: To draft an ordinance that would lower parking fines charged by the City if revenue generated from such fines exceeds a certain threshold. The Supervisor requests that this legislation be drafted as quickly as possible, due to the coming imposition of increased parking fines. This triggered decrease in parking fines would ensure that local residents are not being punished in an onerous manner in order to bridge the city's current budget deficit.

From: Supervisor Dufty
To: San Francisco Department of Public Health
San Francisco Fire Department
Requesting/Inquiring: Inquiring whether there are any steps that the sponsors of the annual Bay to Breakers can take to better respond to cardiac emergencies by participants, including use of defibulators.

From: Supervisor Hall
To: Department of Human Resources
Requesting/Inquiring: What would the City need to do in order to have the definition of "dependent" extended to an elderly parent(s) over the age of 70 for the purposes of health benefits, etc.? In other words, where childcare coverage is allowed for an employee - how can those benefits be extended to provide for eldercare?
